# Introduction

---

The "Y3" app is currently under development and aims to revolutionise the medical industry. It offers medical supplies, appointment booking for consultations, and a full in-app pharmacy. What sets "Y3" apart from competitors is the exclusive prepaid card for customers, providing benefits like discounts on consultations and medications. Our "You are the First" slogan reflects our commitment to accurate appointment bookings in coordination with clinics. Holders of the "Y3+" card can access their comprehensive medical history, including test results, medications, and previous prescriptions, ensuring personalised care from specialist doctors. Your health and well-being come first with "Y3."

# What differs us?

We offer comprehensive healthcare services and special features

The application provides superior medical value by granting users access to appropriate clinics, hospitals, pharmacies, and labs at reasonable prices.

it offers a location service to easily find the doctor's workplace and access the best pharmacies

Moreover, doctors have the ability to locate patients' homes and deliver medications directly when needed.

One of our strongest features is our VIP card

This card is designed to enhance the booking process and make customers feel truly special. It is a unique aspect of our program, as it is the only one of its kind based on this idea
